

PROACTIS USER GROUP

SERVING THE PROACTIS USER COMMUNITY

There are many benefits of belonging to a user group as it gives you, the user, a great opportunity to share ideas, issues & concerns with other, like-minded, users. Simply talking / interacting with other users can generate so many ideas and therefore opportunities for you & your organisation.

At the heart of the Proactis User Group is the website, www.proactisusergroup.com. It's very easy to join and once you've done so is a great resource which includes the following :-

Forums

This is the place to 'post' any question you like, respond to posts yourself or just read what's being talked about. It's an extremely useful resource. The forums cover all Proactis application areas including ... Ordering & Receipting, eInvoicing, Reporting, Budgeting, Expenses, Contract Management, PurchasePoint etc.

Articles

This is the area to look for 'how to' guides, FAQ's, general information etc. You can even 'upload' your own Articles for all other PUG members to read!

Trackers

This contains a very powerful membership database showing you details of all other PUG members, the organisations they work for, which Proactis applications are in use / what version etc. This is a great resource if you wanted to meet up with people in your area to discuss & share common ideas & issues.

Polls

These are a useful resource for allowing you to gauge the feelings of other PUG members. Just let us know if you want a Poll conducting & we'll gladly set one up for you.

File Galleries

Contain documents / items such as Proactis product information (such as release notes etc.), conference information (such as slides, agendas, directions & maps etc.), committee information (such as meeting minutes, constitution, committee members etc.) etc.

Newsletters

Quarterly newsletters keeping you informed of what's happening with the user group and when.

Events Diary

Comprehensive diary of all upcoming events including Special Interest Groups (SIG's), Regional meetings etc.

Live Proactis Knowledge Base Feeds

Contains a list of the top 10 current Proactis issues along with work-a-rounds.

And much more ...

Why not join us today!
